

IMPLEMENTATION OF EPOS CONCEPTS INTO REGULAR TEACHING - ACTIONS

2016

Finland

Funded by the
Erasmus+ Programme
of the European Union

The progress on the implementation of the project curricula into regular teaching

- The departments are encouraged to include work life courses in their curriculums by the university administration → From Science to Action –network established to promote the pedagogy of project-based courses
- Presenting the EPOS project at the Dept. of Agricultural Sciences, especially the project work: 8.12.2015 & 11.5.2016
- There are already two working life related courses (intermediate level):
 - Project management and working life skills 5 cr., compulsory (career planning, job application, project management, team working skills, etc)
 - Project work 5 cr, optional (project process: defining the aims of the project, project plan, implementation, reporting, presenting)
- Experiences from the EPOS will be used as good practices in the semester 2016-2017
